

MY SAINT

You will need to pick a Saint for your confirmation name. Many times in the Bible, God renames a person once they begin God's real work or plan for their lives. In much the same way, we are able to have a type of rebirth in our faith through Confirmation. Take this time to really think about your talents and gifts that God has given you. Try to find a Saint who you can look up to as a role model and prayer partner to help you with your new beginning as an adult in your faith. You can pick a Saint with your same strengths or a Saint whose strength is your weakness that can help guide you in that area of your life. You can't go wrong as long as you make it personal and pray and ask God for help in finding the right Saint and new name for you.

Each student will be asked to present who they have chosen and why. On April 14th, these will be due. This is an added class to our schedule. This added class could not be planned until we received word on when the 9th grade Confirmation would be so we could work around their all day retreat. We hope that this will be plenty of time to make sure this new date gets on your schedule. (Mark your calendars please - April 14, 5:50 pm - 8:00 pm for class) Each student needs to bring this paper back with the following information and be ready to present their Saint to the class. Presentations should be quick and to the point but with a personal reason why this Saint is important to you.

Birth Name _____

Chosen Confirmation Name _____

A little bit of information on your chosen Saint and why this Saint is important to you...
