

## **Saint Report for St. Malachy Confirmation Prep Class**

### **Due: Sunday, Dec. 4, 2022**

As you go through your preparation for Confirmation, choosing a saint is an important step. You will want to choose a saint you would like to be more like as well as someone who can pray for you from Heaven.

Saint Paul tells us, "We are surrounded by so great a cloud of witnesses" (Hebrews 12:1). These witnesses are the saints who continually intercede for us, according to the Catechism of the Catholic Church #956. They also serve as a model for living while here on Earth.

Everyone will be choosing a saint during year one of their preparation for the Sacrament of Confirmation as a way to begin developing a relationship and friendship with their patron. The purpose of choosing a Confirmation name is that it will serve as a reminder to your commitment to God as well as your inspiration for being a steward of the Church.

Your Confirmation name should be a well thought out choice. You will be writing an essay - much like you do for school - about the life of this saint and what you learned. ***Please keep in mind, if you don't put effort into this essay, you will be asked to do more research and redo the essay.***

The following needs to be in your essay in paragraph format.

- Background of the saint's life (in depth)
- How did the saint serve God and become holy?
- What virtue or virtues is/are the saint known for excelling at during his/her life?
- Why does the saint appeal to you? (How are you like the saint? or What is it about the saint that you want to be like?)
- What can you learn from this saint?
- What interesting facts or legends did you learn about this saint?
- What miracles are attributed to the saint?
- What does taking on this saint's name at Confirmation mean to you?
- How will you incorporate this saint into your life?
- Include a picture of your saint if available.

#### **Things to keep in mind:**

- Make sure you read about a couple different saints.
- Do not pick a saint solely because you like the name or someone you know has that name. Make sure you read about the saint.

- Pick a saint that you can develop a relationship with over the next two years because you will not be changing saint names once you choose.
- You can pick a saint of a different gender.
- This essay is due by **Dec. 4, 2022!!** Do not wait until the day it is due to begin writing because then there will be a conversation.
- Do not copy your essay directly from a website or book. You will be asked to redo it. Put effort and thought into this.
