

**"CHILDREN CARING FOR CHILDREN" THIS WELL IN
LIGYARA IS DONATED BY THE
STUDENTS, TEACHERS AND STAFFS OF
ST. MALACHY SCHOOL
GENESE0, ILLINOIS USA
HOPE FOR THE VILLAGE CHILD.**

A large crowd of people, including many children, is gathered around a hand pump in a village setting. The pump is a concrete structure with a hand crank and a spout. Several people are holding buckets and containers to collect water. In the background, there are simple buildings with corrugated metal roofs and a large, dense tree. The sky is blue with some clouds. A sign is visible in the foreground, providing information about the pump's donation.

Thank You!

to each of you.

Dear Students, Teachers, and Staffs
of St. Malachy School,

God bless you for giving the greatest gift in the world to our brothers and sisters in LIGYARA, NIGERIA---clean water from their very own water well!

Keep doing what Jesus wants you to do. We Sisters will always pray for you. Please pray for us, too.

Special thanks to you, Marcia, for your leadership in this project.

IF any of you come to Great Bend, Kansas, you are most welcome to stop at the convent and I'll give you a tour.

Peace & Joy be yours always,

Sister Teresita Huse, O.P.
